

SPECIFICATIONS: PART No. 9900

Electric 110v Inflator/Deflator

High volume air power for rapid inflation or deflation.

Takes the work out of inflating and deflating. It's fast, easy to use and produces a high volume of air. Lightweight, compact, the rugged all-steel constructed Magic-Air® DIDA-4 features a weather resistant baked enamel finish. Indoors or Outdoors use.

Available in 220v upon request
