Storefront Showroom Reopening May 19/20

- We continue to encourage you to place orders by phone or email for curbside pickup or delivery. Please ensure you wait for the confirmation email or phone call indicating your order is ready before coming to the warehouse. This is still the safest method for you to get the products you need.
- As the province begins to lift operating restrictions, we are now in a better position to allow public access to our warehouse showroom. The health and safety of our staff and customers remains our primary concern and we will still have limited access for the public.
- We are following provincial guidelines with the appropriate preventive measures including social distancing, increased cleaning protocols and limiting the number of customers in-store.
- We look forward to seeing our customers and our staff together in a safe environment.

Paul Hamilton
